“building the highest standards”

Insights - Q2

Quarter 2- 2017

Featured Project - Holt Renfrew Phase II

As Phase II of Holt Renfrew Vancouver prepares for opening later this July, our crews are doing the finishing touches on the ceiling features (see photos).

This project was on a tight timeline, our

scope being from January - early July 2017.

MORE PROGRESS PHOTOS...METRO VANCOUVER HEADQUARTERS!

Take a look at our progress with the Fellert Acoustical Plaster Ceilings!
This is the second time that the Fellert system has been used in Western Canada.
The project is on schedule to be completed in October 2017.

What's New At RWC?

NEW OFFICE!

As of June 9th, 2017, our offices are now located at Unit 101A, 17802 66 Avenue in Surrey. We are enjoying our 5,647 square feet of office space. We held the June Foremen's Meeting in the new boardroom and it was a great success.

COR RECOGNITION

On June 13, 2017, the BC Construction Safety Alliance (BCCSA), invited RWC to a breakfast to personally congratulate our company on achieving COR Certification in 2016. RWC was presented a commemorative display piece. Garth, Rod, and Brenda, were all in attendance to accept this award.
