Quarter 3- 2016

Featured Projects

NEW WEST SKYTRAIN STATION

Curved Ceiling at Platform Level

North Stairway Ceiling

Convex Ceiling at Concourse Level

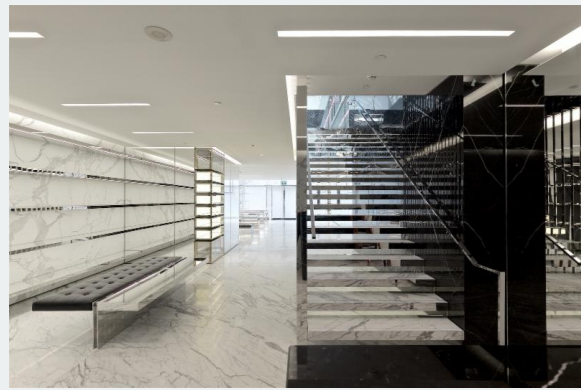

The New West Skytrain upgrade consisted of extensive custom metal ceilings, intricate details with curved ceilings and large convex ceiling at the concourse level. The main challenge of this project was maintaining public safety and working around Translink schedules.

YVES ST-LAURENT VANCOUVER

746 Thurlow

This project was a 3-storey renovation for a luxury retail store. Structural bulkheads for the marble finishing, ceilings finished to level 5 and knife edges to perimeters of all drywall ceilings were installed by RWC.

WHATS NEW AT RWC

[CLICK HERE TO WATCH A VIDEO CLIP OF THE INITIAL LIFT!](#)

At 2:00 AM on August 26, modern technology was leveraged to bring innovation to the construction industry. At the Metrotown Skytrain Station, a 80 tonne roof truss section was lifted into place above the guide way for the New West Side Station. Thanks to the vision of the team at Graham Construction in selecting sub-trades that shared in their vision, RWC was grateful to bring our experience to this project.

Changes in the HR Department!

RWC is pleased to announce our newest Team member, **Brenda Cliffe** as Human Resources Manager. Brenda has worked as a Human Resource Consultant for various industries and brings over 20 years of experience. We look forward to increased employee engagement and

development, enabling us to serve our clients better!

We are currently seeking an experienced Site Foreman, with a start date of November 2016. For more information on this or future opportunities with RWC, please email hr@rwcsystems.com
