JUST COMPLETED... METROTOWN SKYTRAIN STATION!

The Metrotown Skytrain Upgrades have finally been completed after 2 1/2 years. RWC worked alongside Graham Construction on this remarkable project, which consisted of the east/west/centre **steel stud systems, and metal ceilings** for the platform areas. This is the **10th completed Skytrain project for RWC**. Our experience of Skytrain projects includes Canada-Line (2008), Mainstreet, Waterfront, New Westminster and the recent completion of Joyce-Collingwood.

What our clients are saying about us

"Every project is unique, but the reality is it's about people, and how people get along and collaborate and facilitate the work that needs to be done.

A good partnership starts with a simple process:

Do they have a good culture and good work ethic?

Do they have a good understanding of health & safety?

They provide us with a quality service that we need."

-Jason Glue, District Manager, Graham Construction
